SALE ORDER

Cattle will sell in catalog order

HERD HEALTH

All bulls have been fertility inspected by a licensed veterinarian.
All bulls have been BVD tested and are negative.
All bulls have been P.A.P. Tested
All bulls will have all health requirements needed to travel.

RETAINED INTEREST

Paint Rock Angus Ranch retains 1/3 revenue sharing interest in each bull selling. Buyer has 100% possession and 100% salvage value.

DELIVERY

Free delivery on bulls to adjoining states. Arrangements will be made on delivery for purchases less than 5 head to non-adjoining states.

GUARANTEE

All bulls will be covered 50% by Paint Rock Angus Ranch if they are injured during their first breeding season and unable to return to service during that first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls. If a replacement bull is available, he will be provided. If a buyer prefers credit towards a bull in the following year's sale, 50% of the value of the injured bull, minus one-half salvage value will be given as credit. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2027.

TERMS AND CONDITIONS

This sale is being conducted under the suggested terms and conditions adopted by the American Angus Association, effective March 16, 1992.

Northern Livestock Bidding Instructions

For the Desktop:

1. It is best to use the Google Chrome web browser.
2. Pre-Register at least one day prior to the sale.
3. Go to bid.northernlivestockvideo.com and click "Get Approved to Bid".
4. Doing this will prompt you to create an account, after which you will fill out a bidder approval application.
5. Once approved, an email will be sent to the email account provided, please click the link in that email to activate your account and a buyer number will be provided.
6. On sale day (after approval), visit www.northernlivestockvideo.com to view and bid!

For the mobile:

1. Use your mobile device to download the Northern App and follow the above steps to get approved.
2. There is an instructional video on how to register to bin on our website, www.northerlivestockvideo.com if you have any questions.

For technical assistance with Internet Viewing and Bidding Questions, call Sam Fraser 406-860-0590.

Phone Bidding:

1. Anyone wanting to use the Northern Livestock phone bank to bid must pre-register and havea bid number to bid on the phone.
2. To register with NLVA call 866-615-5035 Before Sale Day.
3. View the Online CATALOG and VIDEO CLIP of each bull selling at www.norrthernlivestockvideo.com.
4. Bidders who are successful in making purchases will be contacted following the sale to make payment and delivery arrangements.

DVAuction
Broadcasting Real-Time Auctions

Welcome, Cattlemen and Friends,

On behalf of the Paint Rock Angus family and crew, we welcome you to our annual bull sale!

With strong cattle prices and historically low cattle numbers, it is an exciting time to be in the cattle business. At Paint Rock Angus, we continue to focus on refining our cow herd, prioritizing the economical traits that matter most: sound feet, quality udders, longevity, easy fleshing, and the ability to breed back year after year. Through the use of home-raised herd sires and embryo transfer from our most proven foundation females, we are building a cow herd designed to travel, maintain condition, and consistently wean heavy weight calves every year. These maternal traits translate into calves with the performance and growth to excel in the feedyard.

This year's set of bulls has been tested by challenging conditions, including a dry winter, weeks of summer temperatures exceeding 100 degrees, and smoke from several large fires. Our cow herd rose to the challenge, and the calves weaned well. They are now being developed here at the ranch on the same proven ration we have used for years, ensuring they are ready to go to work in your program this spring.

We are proud of the cattle we raise and the program we continue to build, and we sincerely appreciate your interest and support. We look forward to seeing you at the ranch on November 24, 2026! If you are in the area or would like to view the bulls before sale day, please stop by anytime. The coffee is always on!

Thank you for your continued support,

The Paint Rock Angus Family

PACIFICO SONS

Last year, we flushed several of the most influential females in our program, and this first sire group is a prime example of what those matings can produce. Out of Kate of Paintrock 71-7, a daughter of Payweight, and sired by Pacifico, these calves impressed us from the moment they hit the ground. They offer tremendous power and performance while maintaining the balance, quality, and maternal potential needed to make exceptional females. This is a sire group that combines the kind of muscle and substance we demand with the genetic foundation to build the next generation of productive cows.

The Best of Northern Cattle!
NORTHERN
LIVESTOCK VIDEO AUCTION

A FULL SISTER TO THIS SIRE GROUP!

Coalition Sons

The Coalition sons and females have been a highly sought-after group in our program. Last year, we decided to flush one of our top cows to U2 Coalition 206. Although we didn't get as many embryos as we had hoped, the ones we did get were certainly stamped with the quality we were after. In addition to the original sons of the old man Coalition, the Paintrock Coalition sire has proven himself just as impressive. This is a strong, consistent set of bulls with plenty to offer. Don't miss the opportunity to add these outstanding Coalition sons to your herd.

Final Answer Sons

Last year, we brought back one of our old, proven sires, and we couldn't be more excited about what he has to offer. Our Final Answer females have stood the test of time, proving their worth generation after generation and serving as some of the true foundation cows of our program. By bringing these genetics back into the picture, our goal is to provide our customers with the opportunity to raise outstanding females built with the same quality, longevity, and maternal strength that have made these cows so valuable to our operation.

Magnum Sons

Magnum has proven himself time and time again in our program, with calving ease being one of his greatest strengths. We especially appreciate how easily his calves arrive out of first-calf heifers, making him a dependable option for heifer projects. His progeny are moderate-framed, efficient cattle that still have the ability to pack on the pounds. Don't overlook these calving-ease sires that combine trouble-free births with the performance and gain to get the job done.

Profound Sons

Profound has been a tremendous asset to our program. We purchased this sire from Ellingson Angus several years ago and have been extremely pleased with the results. His sons are complete, deep-bodied cattle that combine performance with the kind of maternal quality we strive to produce. His daughters have been equally impressive, making these bulls a great opportunity for those looking to build a lasting cow herd. We lost Profound last year, and with only a limited amount of semen remaining, these sons represent a rare opportunity to capture his proven genetics. Don't miss out on these outstanding female makers!

Reride Sons

Reride has made a tremendous impact on our program, consistently adding width, power, and eye appeal to his progeny. Both his sons and daughters have been standouts in our herd, ranking among some of the best we have produced. His sons have proven themselves time and again in our operation, demonstrating the consistency and quality we value. This is a solid set of bulls backed by proven genetics that are sure to impress.

New Design Sons

New Design is one of our proven, home-raised sires that has earned his place in our program year after year. His consistency speaks for itself, and his sons carry on the traits we value most. These bulls are long-bodied, powerful, and built to gain, making them a solid set backed by generations of proven genetics. A dependable sire group out of a tried-and-true bull that continues to get the job done.

New Addition Sons

While this may be a smaller sire group, we believe there is a lot of quality packed into these calves. They are a greener set, with plenty of potential to develop into outstanding herd bulls. Their sire was a bull we purchased in Montana, and he has consistently produced a solid, dependable set of calves. Don't overlook this group, as we believe they have a lot to offer.

Bulldogger Sons

Bulldogger has been a highly influential sire in our program since we purchased him from Powder River Angus several years ago. He has consistently added the power, width, body, and eye appeal we strive for in our cattle. His calves start small and grow exceptionally well, making this a proven sire group we have offered for many years. Bulldogger continues to deliver the kind of quality and consistency we value in our operation. Don't miss this opportunity to invest in a proven line of genetics!

Flat Top Sons

Flat Top is a dependable sire we purchased several years ago, and he continues to prove his value in our program. We appreciate the calving ease he offers in our first-calf heifers, paired with the growth and performance his calves deliver. His sons have plenty of eye appeal while still bringing the maternal qualities and overall functionality needed to build a dependable, long-lasting cow herd. This is a solid set of bulls backed by a sire we trust.

True North 687/152J Sons

True North 687J and True North 152J are two sires we purchased from Sitz Angus a few years ago, and they have proven to be an excellent fit for our cow herd. Sons of the original True North 8052, these bulls consistently produce growthy, powerful cattle with excellent feet and leg structure. Their daughters are equally impressive, making this a sire group that brings quality on both sides of the equation. The progeny out of these bulls are the kind that keep us excited about the future of this program.

Growth Fund Sons

The Growth Fund sons represent a newer sire group in our program, building on the success we have seen from Growth Fund genetics over the years. These calves are long-bodied, deep-sided, and put together with a lot of the right pieces. We have been impressed with their development and look forward to watching them continue to grow and mature. This is a sire group with plenty of potential for the future.

Really Windy Sons

Really Windy 118 has been a powerful influence in our program, consistently adding growth, length, and power to his progeny. We have been especially impressed with his daughters, which are feminine, productive, and backed by the maternal ability we value in our cow herd. This is a solid set of bulls with plenty of quality and potential ahead of them. Give them time to grow, and you'll like what you see. Don't miss this group!

Keeping Quality On The Move.

True North Sons

True North has proven to be a dependable heifer bull in our program over the past several years. While his calves tend to be later maturing, they more than make up for it with their outstanding growth and the way they develop heading into spring. His calves come easily, grow exceptionally well, and possess the kind of quality and balance we strive for in our operation. His consistent performance is what keeps us coming back to True North year after year.

Motive Sons

Motive has made a lasting impact on our operation, with genetics we have relied on for many years. This line is known for its high libido and ability to cover ground and get the job done. We appreciate the depth of body, power, and strong maternal traits these cattle consistently bring to the table. This is a proven, dependable set of genetics that we believe in and stand behind wholeheartedly.

EXT Sons

Some of the best females in our operation trace back to EXT, and their longevity, maternal strength, and proven pedigrees speak for themselves. We brought this proven sire back into the program last year to reintroduce genetics that have helped build the foundation of our cow herd. We are excited to see how these time-tested genetics complement our current cow base and look forward to what this group will bring to the future of our program.

Free Development

At Paintrock Angus, we winter your bulls and prepare them for the upcoming breeding season, so you can focus on your cows without the added worry of wintering bulls. Our bulls are developed in rocky pens where they travel to water, building the soundness, stamina, and athleticism needed to cover country and get your cows bred. Our goal is to deliver high-libido, hard-working bulls that go to work for you and put money back in your pocket.

Simmental Cross Sons

For the past few years we have been introducing simmental sires in to our herd to try and chase a stouter made, fast gaining, powerful calf. We have loved using these genetics and getting something different to offer to our buyers. Our numbers are a little low this year due to the fact that we are wanting to utilize these cows in our ET program. We think that this is a solid set of crosses.
